

Parent Information Pack

Welcome to Teampay

Paying for your children's sporting events can be a stressful task. At Teampay, we endeavour to make the payment and collection process as simple and easy as possible for you and your team.

How Teampay works for your child

The team manager logs into the Teampay app and selects who is playing

The match fee is charged to each of the participants selected

3

When ready, the team manager taps confirm and payment is withdrawn from each players' account, pooled together and sent to the organisation

Your payment is approved in real time

 Once your payment has processed, it will alert your organisation immediately that payment has gone through.

Start by selecting 'Sign Up'

Your security is our priority

Stripe has been audited by a PCI-certified auditor and is certified to PCI Service Provider Level 1. This is the most stringent level of certification available in the payment industry.

All card numbers are encrypted on disk with AES-256. Decryption keys are stored on separate machines.

Stripe's infrastructure for storing, decrypting and transmitting card numbers runs in separate hosting infrastructure, and doesn't share any credentials with Stripe's primary services.

How To Get Started

Step 1:

Download the Teampay app by going to the App Store or Android Play store

Step 3:

Enter your unique team code. You can get your team code from your organisation

Step 4:

Share the team code with your team mates and get them to follow the same sign up process

Step 2:

Create an account by selecting the sign up tab and entering your details

Step 5:

Once your team have registered you can start making match day payments
